Velocity Transaction Controls is a real time fraud prevention tool that provides customers with additional control, convenience and peace of mind.

Motorpass account holders can set specific limits on how their cards can be used. When cards are used outside the set limits the transactions will be either:

- declined at point of sale – with an email exception report generated, or;
- approved at point of sale - with an email exception report being generated.

Please note: Further transaction control options are available in addition to those listed below – please visit motorpass.com.au or contact Customer Service on 1300 366 109 for further assistance.

Instructions:

- To apply the same limit to all of your cards please complete Option 1
 - To apply separate limits to each individual card please complete Option 2
- Please select either Option 1 or Option 2 only - see example.

Option 1 - Same limit on all cards
